COMPANY ANNOUNCEMENT

The following is a company announcement issued by RS2 p.l.c. (the “Company”) pursuant to the Capital Market Rules as issued by the Malta Financial Services Authority in accordance with the provisions of the Financial Markets Act (Chapter 345 of the Laws of Malta) as they may be amended from time to time.

Quote:

The Company announces that it has entered into a collaboration agreement with Visa USA Inc., a world leader in digital payments, to offer an end-to-end acceptance infrastructure proposition.

The new collaboration will combine Visa’s front-end authorisation services, while RS2’s robust infrastructure powers back-end processing. This powerful combination will enable banks, fintechs, and merchants around the world to access a streamlined, scalable, and secure payment platform.

Early implementations are underway in Europe and Latin America, with growing interest from financial institutions seeking modern, agile solutions to meet the evolving demands of the global payments landscape.

The new platform is built on RS2’s API-first, cloud-native architecture, seamlessly integrated with Visa’s value-added services expertise and global network. It enables clients to rapidly launch new capabilities, operate efficiently across currencies, countries, and channels, and stay ahead of regulatory requirements — all within a secure, real-time processing environment.
